1. At our meeting on 16 January I mentioned to you the possibility that Sudan's President Nimeiri might well in desperation agree to a reconciliation of sorts with Libyan leader Qadhafi. Per your request, I summarized my thoughts in the latest "Threat Outlook" publication.

2. I also noted to you that the DDI/Sudan analyst [] agreed with me and was preparing a typescript memo for dissemination on this subject. That memo has now been published and a copy is attached. I concur in its substance and regard it as a good piece of analysis.
